## Prologue

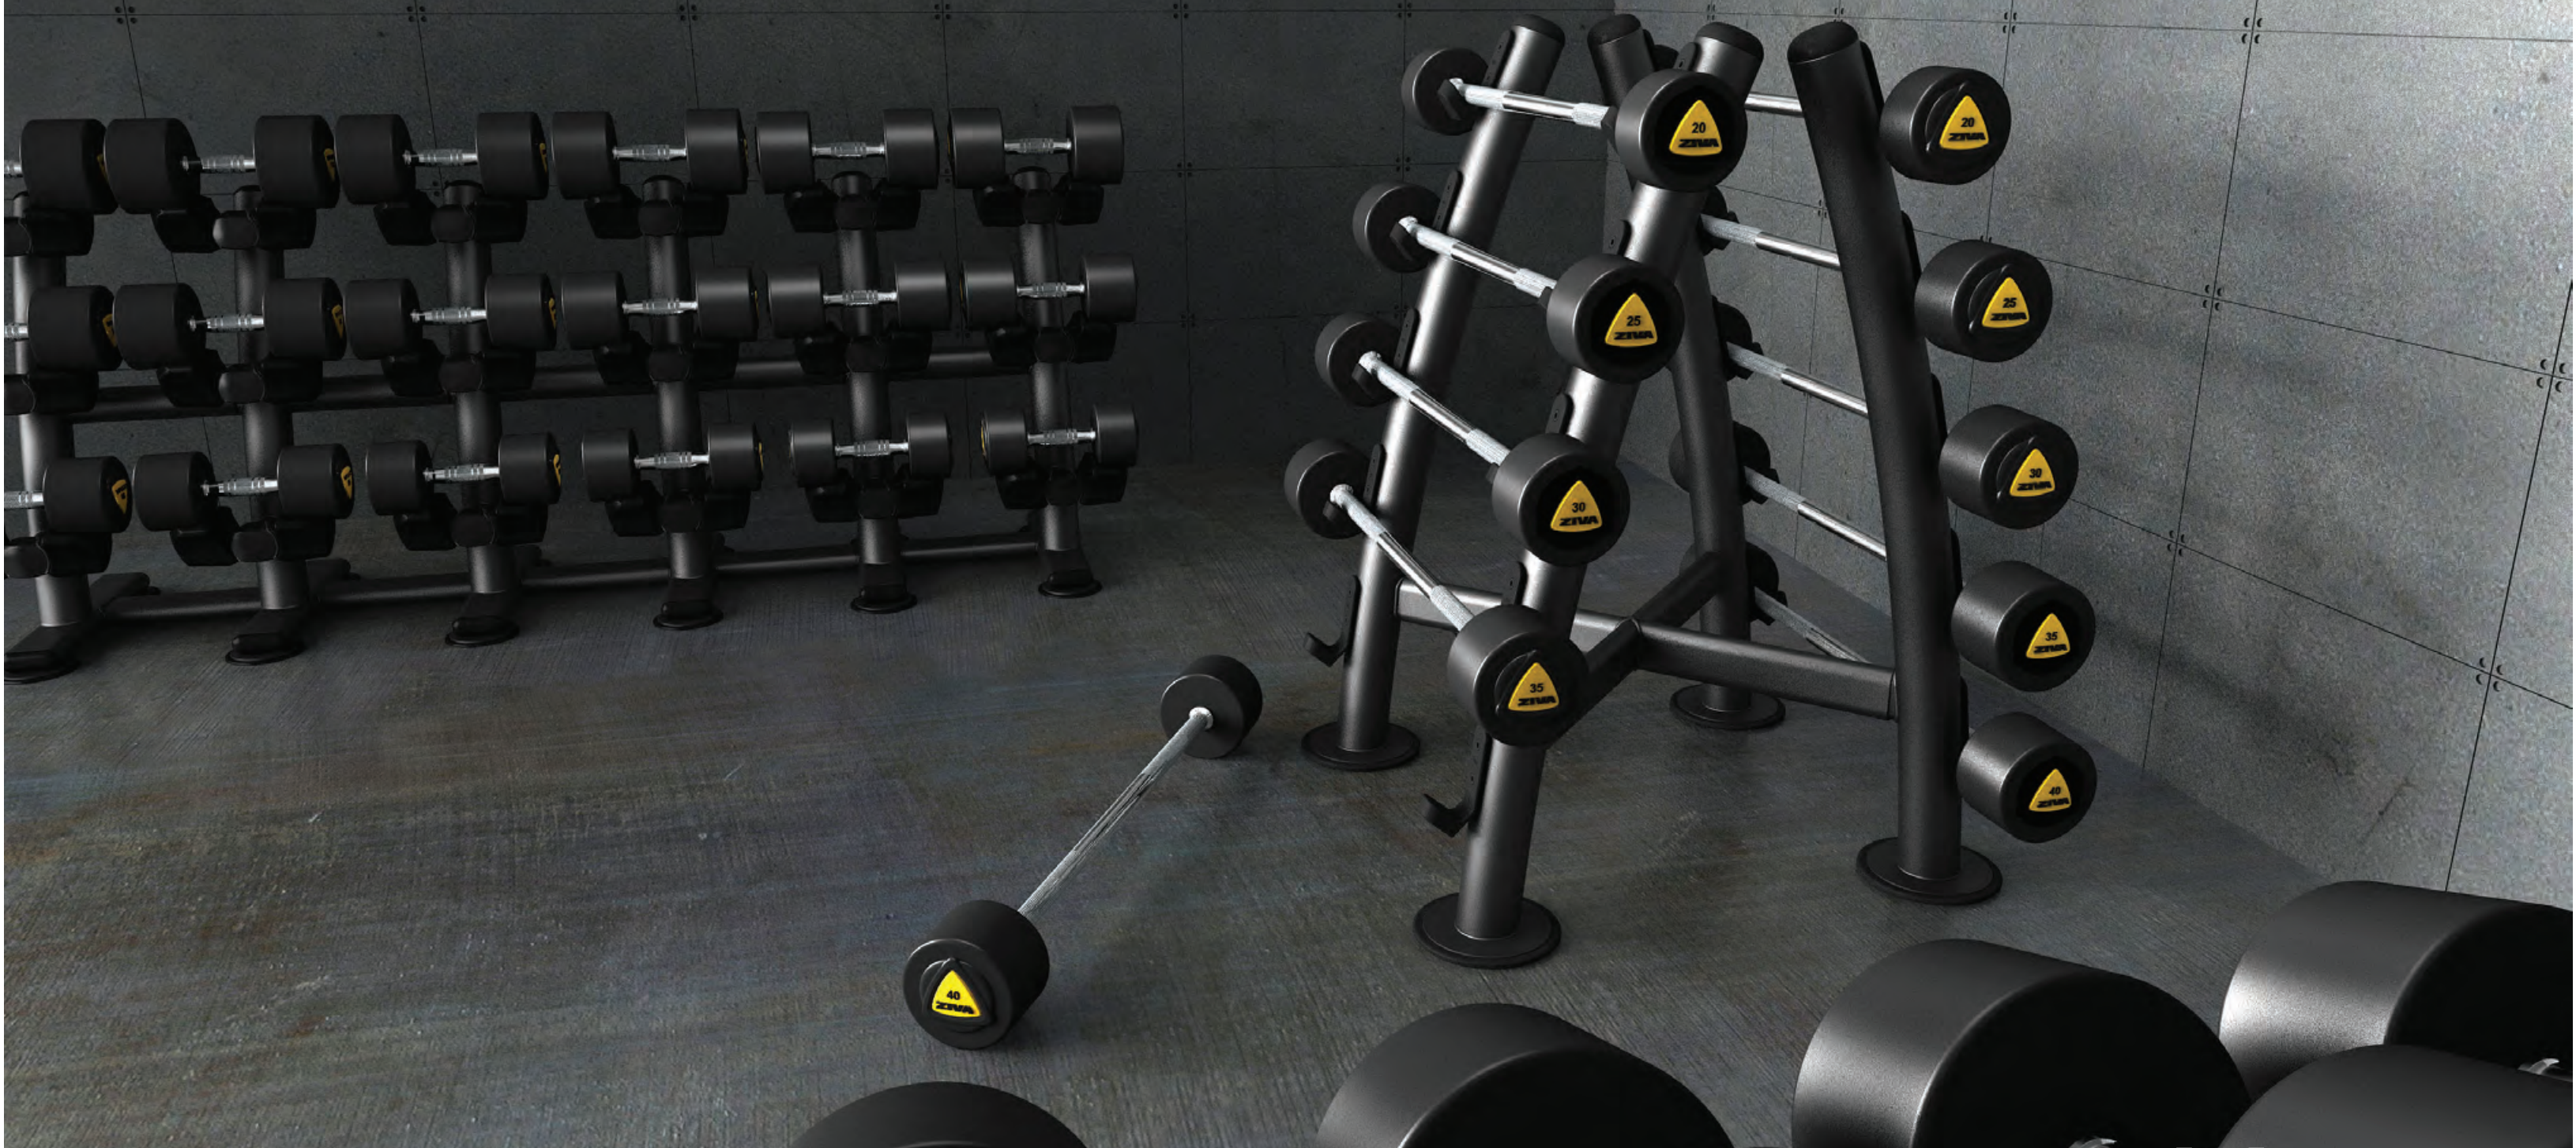

### Refining and redefining an industry.

At Ziva, we are dedicated to the constant improvement and development of all our products. We want to change the way you look at the fitness industry. For too long there has been complacency and a lack of progress in weights, weight storage and their designs. We look beyond the boundaries of the current industry standards. Evolving and innovating new products for the growing expectations of the new sophisticated customer bases around the globe. Ziva is redefining what a fitness club can and should be to stay competitive.

Our first priority is functional design. Ziva products will work, and work well. Our designer forms are derivative of the product's function. They look exceptional because they work exceptionally. We offer refined, well thought out designs built to organize and improve the dynamics of your space.

Ziva strives to better equip your club for the future.

**ZVO evolution series weights:** The all new original designs from Ziva are the product of creative redesigning of our weights to *evo/ve* into more effective functioning pieces with a distinct appearance. Utilizing new materials with creativity and technical expertise to make the best available weighted products on the market today.

## ZVO evolution series urethane with color insert weight discs:

Original designs utilizing high end technology with ergonomically contoured lines. We encase these discs with a non-porous premium Urethane surface for extreme durability. ZVO evolution series grip discs feature precision casting and solid stainless steel hub inserts for a smooth action. Urethane inserts available in different color options (see specifications) for a customized look and feel.

ZVO Evolution Series urethane products have a limited 3 year warranty.

\*Patent pending.

**ZIVA™** *weightroom*

**ST stability performance series**

*dumbbell and barbell storage racks and disc storage trees*

Innovations: **weight storage**

**ST performance series weight storage:** The next generation of weight storage. Striking streamlined designs can transform the most modest spaces into exciting areas for weight lifting. Effective designs efficiently utilize floor space. We use our heavy gauged ST (Stability) round tube steel for a strong and stable structure under heavy loads. The ST Performance Series is the ultimate combination of designer forms and solid construction.

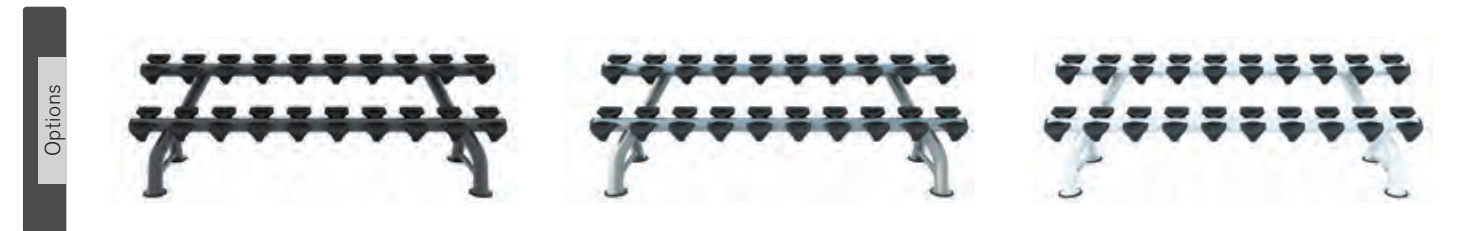

### ST performance series 10 pair horizontal dumbbell rack:

The next generation of weight room storage. For your larger spaces, the ST performance 10 pair horizontal dumbbell rack holds 20 large or small dumbbells. Features heavy gauged ST (Stability) round tube steel for a strong and stable structure, and baked powdered coating. Forward tilted designer saddles create a superior angle for ease of removal and replacement of dumbbells. Saddles are made from impact resistant nylon to protect and prevent marking of dumbbells. ST Performance Series is the ultimate combination of designer forms and solid construction.

ST Performance Series storage products have a limited 10 year warranty.

\*Patent pending.

### ST performance series 5 pair horizontal dumbbell rack:

The next generation of weight room storage. ST performance 5 pair horizontal dumbbell rack was designed to hold heavy weights while fitting into smaller spaces. Features heavy gauged ST (Stability) round tube steel for a strong and stable structure, and baked powdered coating. Forward tilted designer saddles create a superior angle for ease of removal and replacement of dumbbells. Saddles are made from impact resistant nylon to protect and prevent marking of dumbbells. ST Performance Series is the ultimate combination of designer forms and solid construction.

ST Performance Series storage products have a limited 10 year warranty.

Horizontal style frame  
ST round tube steel  
Impact resistant saddles  
Baked powdered coating  
Stores 5 pairs

**Warranty:**  
Limited 10 years.

### ST performance series 3 tier vertical dumbbell rack:

The next generation of weight storage. Designed to minimize the depth of the rack, saving you space off the wall. Features heavy gauged ST (Stability) round tube steel for a strong and stable structure, and baked powdered coating. Designer saddles are bolted down to make a secure seat for dumbbells and are made from impact resistant nylon to protect and prevent marking of dumbbells. ST Performance Series is the ultimate combination of designer forms and solid construction.

ST Performance Series storage products have a limited 10 year warranty.

ZIVA™ studio

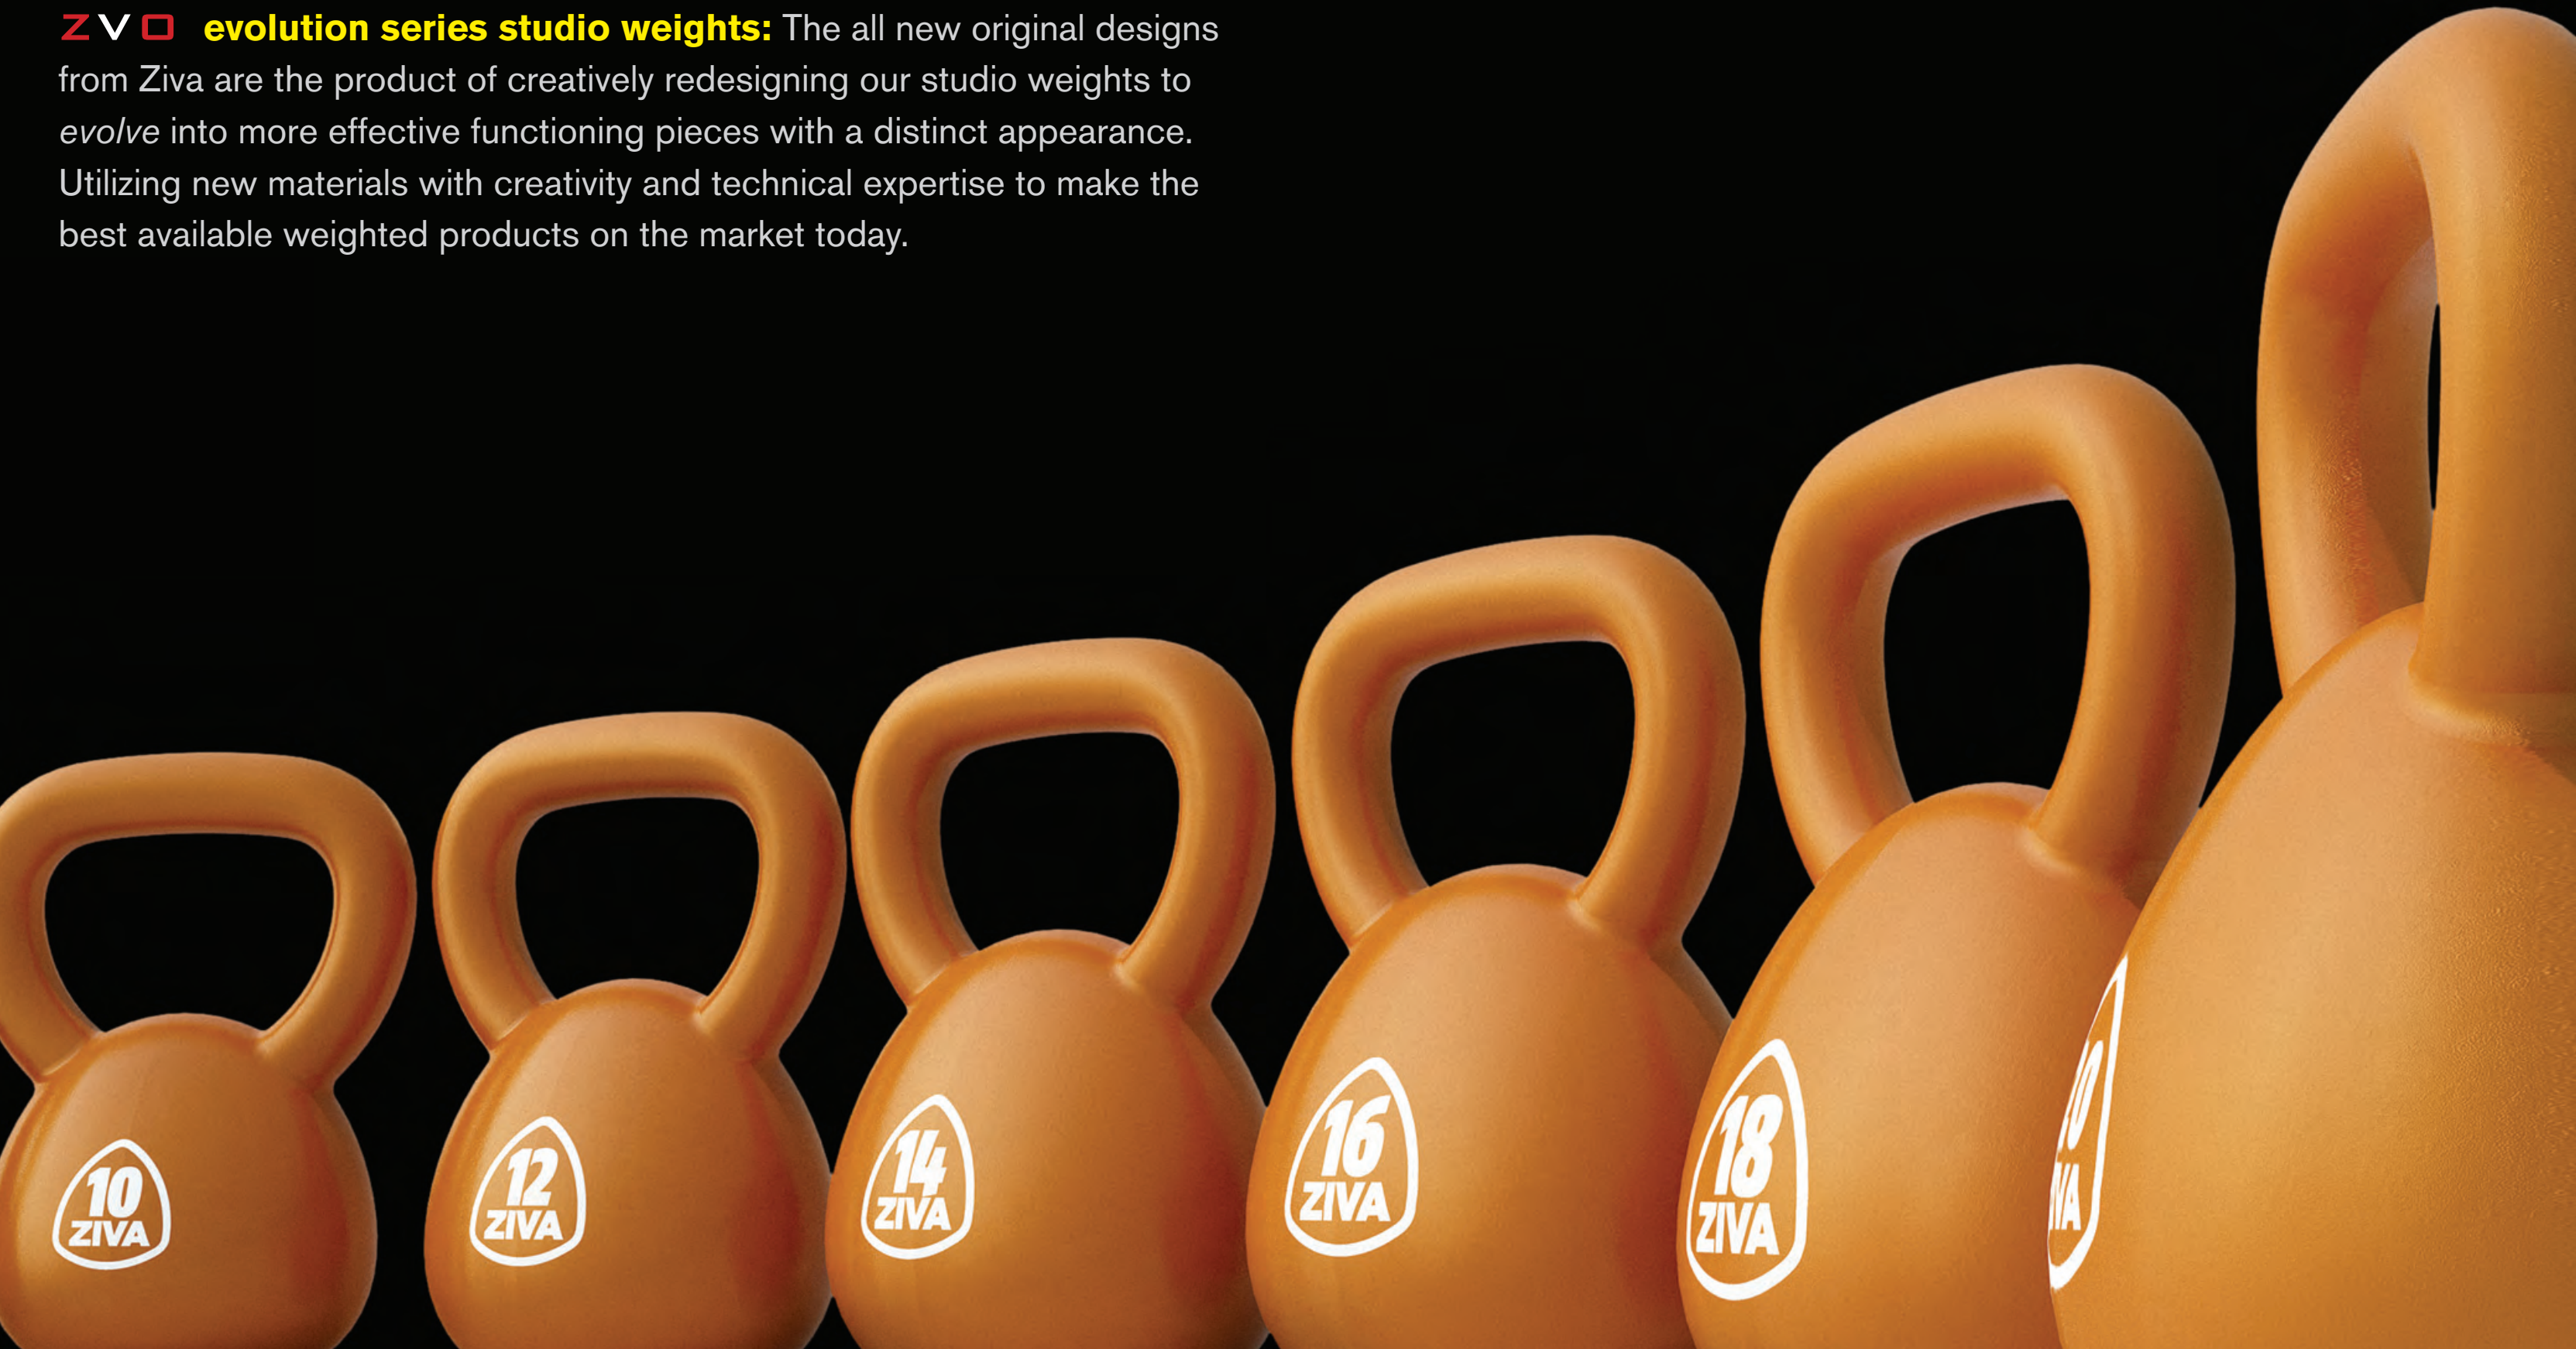

ZVO evolution series

Studio dumbbells, discs, kettlebells, and medicine balls

Innovations: **studio weight**

**ZVQ evolution series studio weights:** The all new original designs from Ziva are the product of creatively redesigning our studio weights to *evolve* into more effective functioning pieces with a distinct appearance. Utilizing new materials with creativity and technical expertise to make the best available weighted products on the market today.

## ZVO evolution series urethane and rubber studio tribells:

The new ZVO series studio dumbbells are uniquely shaped to stand out in any area. The flat sided tribell design prevent dumbbells from rolling away during classes and drop set exercises making them the standard for a clean organized space. They're encased in a choice of non-porous premium urethane surface for extreme durability or durable virgin rubber. Featuring large weight number indicators for easy legibility, colored elastomer inserts and slip resistant texturized handles. ZVO Evolution studio dumbbells are a great addition to any studio or weight room spaces.

ZVO Evolution Series studio urethane products have a limited 3 year warranty, studio rubber products have a limited 1 year warranty.

\*Patent pending.

The next generation of studio weight storage. Designed to minimize the entire rack's foot print, saving you important space in your studio. Features heavy gauged ST (Stability) round tube steel for a strong and stable structure, and baked powdered coating. The angled studio disc storage make it easy for users or all sizes to remove and replace weights quickly. The 20 set studio barbell rack is designed for medium sized class sizes, or for extra large studios that need to pair 2 storage racks to accomodate over 30 users. ST Performance Series is the ultimate combination of designer forms and solid construction.

ST Performance Series storage products have a limited 10 year warranty.

\*Patent pending.

#### PRODUCT

Measurements:

All sizes, weights and measurements are approximate.

#### YOUR COMMENTS

We are always delighted to hear your views, either on our range of products or any aspect of our service. Our Customer Service team can be contacted at: 86 621 6246 0030 or via email at [services@zivalife.cn](mailto:services@zivalife.cn)

#### WARRANTY

ZIVA carry a limited 12 month parts warranty against faulty workmanship for the original purchaser for all ZVO Evolution Series rubber encased weighted products, a limited 3 years for all ZVO Evolution Series urethane encased products and a limited 10 years on all ST Performance Series racks and storage frames. All warranties begin from date of purchase. ZIVA will repair or replace any item (as per the above) that can be shown to have broken due to manufacturing faults, provided the customer returns it to ZIVA for inspection. Rubber products are not intended for use on concrete floors, wood floors or especially hard rubber surfaces. Use of rubber covered free weights on these floors will void the warranty. It is highly recommended that the correct rubber free weight flooring is used.

**Note:** Rubber products should not be cleaned with detergent or acetone-based cleaners. Please clean rubber products with a damp cloth only. Dumbbells and barbells should be hand checked for tightness on a daily basis and tightened as required. Loosening of multi disc dumbbells is not covered by warranty as this style of dumbbell requires occasional maintenance. ZIVA dumbbells are designed for years of heavy use, however are not designed to be dropped, thrown or otherwise abused. Repeated misuse may result in bent handles. Dumbbells showing signs of bent handles may be excluded from warranty at the discretion of ZIVA.

#### PLEASE NOTE:

- Warranty extends to original purchaser only and is non-transferable.
- Warranty time is from the original date of purchase.
- Warranty shall not apply if the defect was caused by misuse, neglect, or normal wear and tear.
- In order to process warranty claim, item/s must be returned to ZIVA for inspection along with a returns reference number provided by ZIVA.
- Warranty does not cover transport costs. In cases where it is not economic to return multiple items we will ask for a part return supported by photographic evidence.
- Home or light commercial use products used in a commercial environment will not be covered by the warranty. If your facility is bereft of procedures/guidelines to control the misuse use of dumbbells, barbells and/or plates, ZIVA would rather not accept the order. Free weights go through probably the most extreme life of any fitness product, a correct maintenance program along with good exercise technique will prolong the life of the product significantly.

Please feel free to visit [www.zivalife.cn](http://www.zivalife.cn) for helpful maintenance information. If you have further questions please e-mail us at: [service@zivalife.cn](mailto:service@zivalife.cn)

## DELIVERY

All orders are processed and shipped in the order that they are received.

All orders are received on a FOB CHINA Basis.

Normal delivery time is EX CHINA PORT 60 Days after receipt of the PURCHASE ORDER.

Delivery times may increase around China National holidays and peak shipping seasons.

The freight delivery service you receive may vary with different carrier companies.

Carrier must be taken up direct with the carrier. Time for delivery is given as accurately as possible, but is not guaranteed, and is subjected to extension to cover delay caused by strikes, lock-outs, works, breakdowns, delay in transport, shortage of raw materials, Government regulations or requirements, or any cause beyond our control (whether or not similar to those above-mentioned).

All delivery lead times are strictly ex-China.

Law and Jurisdiction - Where the buyer is a business, this contract is to be interpreted according to Peoples Republic of China law and the parties agree that the Peoples Republic of China courts shall have exclusive jurisdiction for the settlement of any dispute arising from this agreement Without prejudice to the previous statement, ZIVA shall also have the right to file suit against the Buyer either in the China courts or wherever the Buyer is located or has a registered and/or branch office. In any event, the parties irrevocably agree that proceedings issued out of the said courts may, without prejudice to the rules of service of any court or jurisdiction, be served by delivering such proceedings in an envelope addressed to the party to be served at the address for such party set out in this contract or otherwise notified by that party to the other. All orders are accepted on the following Terms and Conditions of Trading. All orders are to be sent in writing either via email or fax and include product codes. General - In the event of any conflict of inconsistency between these Terms and Conditions of Trading, and the terms of your order, these terms prevail, unless agreed by us in writing. No alterations to your order will be recognised by us unless requested by you in writing and confirmed by us in the same way.

Acceptance - No order shall be deemed accepted by ZIVA other than upon receipt of our official acknowledgement in the form of a signed sales confirmation.

Description - All descriptions and particulars furnished in price lists, literature and other documents issued by us are as accurate as possible, but being given for general information are not to be treated as binding unless specifically confirmed in writing. Any performance figures by us are based upon our general experience and are such as we expect to achieve. ZIVA will, however, accept no liability if those are not obtained unless we specifically guarantee them in writing.

Cancellation after delivery, and/ or after delivery and installation, cannot be accepted and payment must be made in full. Any delays for the shipment of orders caused by late payments being received for any reason are strictly the responsibility of the buyer.

Storage - We reserve the right to charge storage where the customer delays shipment after the date of shipment requested by the customer has passed and proof of the orders production has been made.

Repossession by Seller - Where the buyer has committed an Act of Bankruptcy (or where the buyer is a limited company, a receiving or winding up order has been made with respect of that Company) and property in goods the subject of this contract has not passed to the buyer but remains with seller, the buyer shall, within twenty one days of such Act or Order, give notice in writing of the same to the seller and shall afford the seller reasonable opportunity and access to repossess the said goods.
